

1 What is Turnitin?

Turnitin is an originality checking and plagiarism prevention service that checks your writing for citation mistakes or inappropriate copying against a database of sources - contains copies of electronic text on the **Internet**, in **published works**, on **commercial databases**, and in **assignments** previously submitted to Turnitin by students in universities all over the world.

2 How does it work?

Turnitin will provide a similarity report which indicate as follow:

- **Blue:** No matching text
- **Green:** One word to 24% matching text
- **Yellow:** 25-49% matching text
- **Orange:** 50-74% matching text
- **Red:** 75-100% matching text

3 Who can use it?

- **UMT Staff** – contact PSNZ for registration.
- **UMT Students** – Instructor (Lectures) will provide Class Name & Enrollment Key.
- **UMT Postgraduate students** – Originality checking by PSNZ – thesis and articles.

4 How to use it?

Scan the QR code for Turnitin user guidelines (Students /Instructors).
